MODERATE CHERRY CROP SOON TO BE HARVESTED HERE

Price Levels Uncertain, Initial Activity Proves

Light in many orchards, and hurrying toward an uncertain price level, cherries in Washington township are rapidly nearing the harvest period.

According to growers, the crop is moderate, with a tendency toward smaller fruit than last year. It is the general hope that long delayed rains will hold off until the crop is picked.

Heavy picking in the Napa district began last week, principally in early Tartarians and Chapmans. It is reported that the crop is light in Solano county, usually a heavy producer. The first cherries were shipped from there last week. The first carload of cherries from Placer county were sold in the east last week for the low price of $2,200.

Local growers are hopeful that the better quality of fruit in this district will bring a better return than is indicated in the early part of the season.

ACCIDENT INJURIES FATAL TO A. E. NEVIS, NEWARK BOY, MONDAY

PIONEER JAPANESE FOUND DEAD AT ALVARADO

Missing for more than twenty-four hours, Kayora Ariyosha, aged 70, was found dead in his rooms behind an Alvarado garage when the proprietor, sensing that everything was not right, summoned Constable Tom Silva Saturday. Silva broke open the door, when no answer was made to his calls.

Ariyosha, who had lived and farmed in the Alvarado region for more than fifty years, had no kin in the United States. He was buried Monday at the Irvington cemetery. The funeral was directed by the Chapel of Palms.

The regular meeting of the Toyon Branch of the Children's hospital will be held at the home of Mrs. J. E. Townsend, at Niles, Monday afternoon.

Alameda Couple Hurt In Midnight Crash Near Centerville

Alfred E. Nevis, 22, of Newark, died at the San Jose Hospital Monday morning from injuries received in an automobile accident Sunday night near Alviso school on the Centerville-Alvarado highway.

The injured youth succumbed shortly after his arrival in the San Jose Hospital. He had been transferred to that institution from the Fairmont Hospital in Oakland, to which he was rushed in the Botelho ambulance immediately after the accident. He had suffered a compound fracture of the skull and severe internal injuries.

According to highway patrol officers E. J. Dyas and A. Larsen, who investigated, the crash resulted when Nevis car and a machine driven by Mrs. Mary Diana, of Alameda, sideswiped in passing. The Nevis car was demolished. Officers said that both machines had been traveling at a good speed. The fatal crash occurred shortly before midnight.

Mrs. Diana and her husband, John Diana, both suffered minor injuries. They were treated at a Hayward hospital.

Nevis was the son of Mr. and Mrs. Seraphine Nevis, of Newark. His parents and two brothers, Joseph and James survive him. His wife Katherine, died four years ago. Nevis, a native of Newark, had attended local schools. He was employed at the Graham foundry.

Funeral services were held yesterday at 10 o'clock at the St. Edward's church at Newark. Interment was in the Holy Ghost cemetery at Centerville. Funeral direction was by Chapel of Palms.

AUTHORITIES PLAN CAMPAIGN AGAINST MOTOR THIEVES

Electric motors left in the open and unguarded, have proved to be easy meat for thieves during the past few months, according to local authorities, who warn Washington township farmers to keep their pumping house tightly locked.

Although there have not been many of the electrical devices stolen in this district, surrounding townships have been the scene of many thefts, said Deputy Sheriff Hugo Radbruch. He emphasized the point that farmers should keep a record of the voltage, serial number and make of their motors, in order that authorities may have something to work on in case of theft.

Radbruch said that motors should be kept in tight, locked sheds, and not merely under shelters. Removal of a motor from an open shelter, is petty theft only. If the shed is locked, the culprit ,if apprehended, will be charged with the more serious crime of burglary.

The idle season, when motors are not used for long periods, is the time when most thefts occur, the officer said. He advised an occasional check-up of equipment. In several cases the theft has not been noticed by the farmer until several weeks after it has taken place.

Radbruch advised that a burglar alarm be installed in all pumphouses near highways, since thieves are more likely to strike there. In the event of a loss, the farmer should notify the local authorities at once, or phone the sheriff's office.

Farmers are urged to take the license numbers of all suspicious looking automobiles loitering on the road near any pump equipment.

FIFTY AT MEET OF PRINCIPAL'S CLUB MONDAY EVENING

Ezra Decoto, David Martin Address Group On School Topics

More than fifty members and guests of the Principals' Club of southern Alameda county gathered for their regular bi-monthly dinner meeting at the Hotel Belvoir Monday evening. Miss Celeste Bunker, instructor at the Niles grammar school was hostess. She presided over the meet in the absence of Mrs. Bornemann, president of the organization.

Guest speaker for the occasion was Ezra Decoto, who addressed the group on "The ifluence of teachers on the lives of children." Superintendent of Schools David E. Martin gave a suppelmentary talk on scohol problems.

New officers were elected at the business session following the program. Officers named were: Guy Brown, of Livermore, president and H. Johnson, of Pleasanton, secretary.

Preceding the election and address, a program was put on by Washington high school students under the direction of Salvador Billeci. Several numbers were rendered by the high school quintet; Barbara Straub, Madeline Silva, Lyle Fisher and Joe Fernandez, piano accompaniment was by Estelle Martenstein.

A trombone solo by Cecil Bettencourt and a violin solo by Donald Ahrenja were the second series. A brass quartette, consisting of Frank Gygax, George West, Sawae Ichisaka and Cyril Bettencourt followed. George Dundas, Joseph George and Ed Andrade were members of a small orchestra that concluded the high school program. John Accinelli, accordianist, played several numbers.

One of the highlights of the musical entertainment was a series of three songs by Miss Antoinette Botelho. She was accompanied by Miss Marcella Norris.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

HOLDING OUR BREATH.

From Eureka to Chula Vista and from the sea to the Sierras, men and women stand in breathless expectancy awaiting word from Grandma Richardson just what he intends to do about this governorship business. Will he run or will he not? Nothing else matters until Harry Chandler's man Friday speaks.

If he says "no" then the other boys can get going. If he says "I am set to go," good-night for ex-Governor Young, State Treasurer Johnson, Lieutenant Governor Merrimen and all the rest of the Republicans. The jig will be up with them. The Democrats, if they want to, may hold their primary election, just for practice, but in the final run-off they will be counted out before the balloting starts.

When Grandma gets in action, he's a whiz.

GENERALS MADE OVER NIGHT

The Democratic victory last fall created opportunities for the political minded never before dreamed of as possible. Under the old system of the Republicans, a man had to serve in the ranks before being given authority to speak for the party. Now we find it not uncommon for most anyone to be referred to as a leader of the Democratic party, though, mayhaps, he only changed his registration from that of a Republican to a Democrat but a few months ago. The old wheel-horses of democracy are now being edged out by the carpet-baggers in a manner to bring moisture to the eye of party regularity.

The political opportunist is abroad in California, and when a voice is heard out of the wilderness it is his. When a job is to be filled, he is going to fill it. When a protest is to be made, he is going to be the protestant, and if the wind veers back to the Grand Old Party of Abraham Lincoln, he will be back with the boys like nothing ever happened.

Consistency, thou art indeed a jewel.

NOW IT IS UNANIMOUS.

Jimmie Rolph, the Third, issues a statement to the press to the effect that none of his father's true friends want him to run again. That makes it unanimous.

CHARLES R. DERLETH TELLS MENS CLUB OF PROGRESS ON BRIDGES

"Regional Consciousness" Urged by Engineer In Bay Development

"Regional Consciousness," as one of the main factors in the development of a great metropolitan area in the San Francisco bay district, was one of the points stressed by Dean Charles R. Derleth, of the University of California college of Civil Engineering, in his address on the great bay bridges before the Men's club at Centerville Thursday night.

Before entering into the more technical points of the great bridges Dean Derleth explained to the assemblage the difficulties placed in the path of regional development by non-co-operative communities. The dean explained what he termed the "provincial point of view,", as the lag of surrounding communities, which felt that the great bay bridges and plans for a greater region "had nothing to do with them." It was such stupidity, the Dean inferred, that was offering the most serious obstacles to progress. He urged the concert of action, and stated that political boundaries, while they must be maintained should not interfere with the development of the region as a unit. Plans for a great metropolitan and industrial district about San Francisco bay are based, Derleth explained, on physical and geographical surveys, and not on political boundaries.

In the body of his address, which was accompanied by pictures showing all phases of construction to date, Dean Derleth spoke at length on the methods of pier and anchorage construction for both of the huge bridges now being erected. He stated that the bay bridge is 25 per cent finished and the Golden Gate bridge 30 per cent finished. He estimated that both mammoth structures would be opened to traffic by January of 1937.

In answer to questions, Derleth explained in detail the methods of cable spinning, and of proposed maintenance of the bridges. He told of the financing of the structures. Of particular interest was Derleth's discussion for proposed traffic plans for the bay bridge. The huge structure will have two decks; the upper with six lanes for fast motor traffic, and the lower with three lanes for trucks and busses and two lines of rails. The type of train used on the latter may be some sort of light, terrifically fast vehicle that will cut the time of crossing to a few minutes.

In his conclusion, Dean Derleth expressed his pleasure in addressing the club. Judge Allen G. Norris, club president, thanked the dean in behalf of the organization.

Entertainment ,of the musical nature, was under the direction of Frank Bristol, able master of ceremonies. Two big time RKO acts formed the nucleus. Morrison and Chang, and Mann and Peters kept the club members convulsed with mirth for many minutes. John Accinelli, Washington high school student, and an excellent accordianist, furnished the music during the dinner. He was encored consistently.

An excellent dinner prepared by the ladies of the Country club under the direction of Mrs. Frank T. Dusterberry, new club president, was served to the assemblage.

ELDERLY WANDERER FOUND EXHAUSTED IN HILLS TUESDAY

Had Been Missing From Niles Home Since Sunday Morning

With memory apparently gone, and in an exhausted condition, C. J. Steeples, 83 year old inmate of the Niles Home for the aged, who had been missing since Sunday morning, was found Tuesday noon on the hill south of Niles, after a township-wide search had been carried on by police.

Steeples, formerly a San Francisco businessman, left the Niles Home grounds Sunday morning after he had been returned Saturday by officers who had picked him up near Hayward on a previous wandering. He was seen to walk toward the hills by residents of Morrison avenue.

After a search of the highways failed to locate the missing man R. Bernardo, of Niles, cultivating in the hills saw a man answering Steeples description, pulling up grass nearby. Surprised at the man's quee,r actions Bernardo summoned Bert Silveria, who called Constable O. W. Ebright. Ebright and Hugo Radbruch, assisted by Motor Officer Clark and Niles Home assistants, combed the hill. Steeples was found beneath a small tree. He was unable to walk, and had to be carried down the hill on a sled supplied by Grady Denton ,of Niles.

Steeples was taken immediately to the Niles Home where he was placed under the care of a physician.

SHRINERS' MEETING LAST NIGHT AT HAYWARD

At a well attended meeting of the Southern Alameda County Shrine Club held at the Green Shutter Hotel last evening in Hayward, guests were entertained by a splendid musical program presented by the Hill Billies of Oakland.

Ralph V. Richmond, of Niles, presided at the dinner. Guests were present from Newark, Centerville, Alvarado, Niles, Decoto, Warm Springs, Mission San Jose, Irvington, Hayward and San Leandro. President Richmond announced that the next meet of the club will be held at Livermore on June 7.

Of further interest to Shriners in this district is the announcement of the annual spring ceremonial slated for the Ahmes Temple on May 26. Richmond and many others from south Alameda county will attend.

Erratic Driver Taken Into Custody Sunday

Accused of driving his car in erratic manner, with four in the front seat, George W. Parmenter, of San Jose, was arrested near Niles Sunday by State highway patrolman William Hamilton. The officer said that Parmenter had been drinking.

NEW MEMBERS WILL BE SOUGHT FOR CIVIC GROUP

Spiking the rumor that last week was the final time for joining the Niles Chamber of Commerce, Harvey Braun, membership committeeman, this week announced that new members will be accepted and new contacts made, although the 1934 membership drive was officially closed Monday of last week.

Braun stated that the canvass was not exhaustive, and that it will be continued from time to time during the year.

The Blue Bird Beauty Shoppe, under the management of Mrs. Marjorie Moore was added to the roster of new members this week.

Due to an error last week, the MacMarr store, Niles, was omitted from the list of members released last week. Gladfred Viery, store manager, stated that his establishment was among the first to sign this year.

POPPY DAY WILL BE OBSERVED ON SATURDAY, MAY 26

Symbol Honors War Dead, Aids Families of Disabled Vets

(By Nell F. Meyers)

The people of Washington Township will be called upon to honor the World War dead, and give aid to the war's living victims, by wearing Memorial poppies on May 26 the Saturday before Memorial Day, when "Poppy Day" will be generally observed throughout the United States.

Observance of Poppy Day here will be directed by Washington Township Unit 195, American Legion Auxiliary. Volunteer workers of the Unit will distribute the memorial flower throughout the township. A large supply of poppies have been ordered, and are now on hand. Disabled veterans have been given employment by the making of the little red paper flowers.

The purpose of "Poppy Day' is to give everyone an opportunity to pay individual tribute to the men who gave their lives in defense of the Nation. The act of wearing a poppy touches the individual more closely than large public ceremonies in which one is only a spectator, and awakens a realization of the individual responsibility to the Nation's greatly needed at this time.

Poppy Day also gives every one an opportunity to share in the vast work which the American Legion and Auxiliary are doing for the disabled men and their families, and the families of the dead.

Grass Blaze Threatens Structures at Nursery

A grass blaze, of unknown origin, ignited a stack of baled hay on the California Nursery property early Sunday night, and kept the Niles and Decoto fire departments busy for several hours.

Catching in the stack, which was near to one of the nursery barns the fire ate its way toward the structure. Quick work by the two departments checked it before any damage was done to the buildings.

According to Chief Tony Alves, of the Niles department, the blaze could have been very destructive with a few moments more leeway.

Sunol Man Unhurt In Accident Here Sunday

Manuel Terra, of Sunol, was somewhat shaken up and his car damaged Sunday evening when he was forced across the curb on First street by a motorist who lunged out of a side street allegedly without stopping.

Terra, approaching Niles from the California Nursery, crashed through the fence on the Sullivan property opposite F street. There were no injuries.

Vargas is the son of Mr. and Mrs. Frank Vargas, Sr., of Pleasanton. He was born and raised here and is well known in this community. He has been employed as a mechanic in Pleasanton for the past several years. At present he is operating the Service Garage at the corner of Main and Neal streets, Pleasanton.

The young couple announced that their marriage will take place at the St. Augustine's church, Pleasanton, Sunday afternoon, May 27.

Many lovely gifts were received by the young bride-to-be. Dancing was enjoyed until a late hour of the night. Refreshments were served at midnight.

FIRE DISTRICT MAY BE FORMED AT IRVINGTON

As the result of the activities of a number of younger business men of the town who feel that it is high time that Irvington forms its own fire protection district, a mass meeting was held Tuesday night to investigate the feasibility of organization.

Although nothing definite was decided, a committee was named to look into the costs of equipment. On Monday night the committeemen will be on hand at Centerville to witness a demonstration of one of the latest type of fire trucks, made by an Oakland firm.

Chiefs of the surrounding towns, including Niles, Centerville and Mission San Jose are eager for Irvington to acquire its own protection. For many years it has been the responsibility of othe. departments to see that Irvington fires were extinguished.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

The unwise use of harsh laxatives may drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the wrong choice of laxatives often does more harm than good.

Fortunately, the public is fast returning to the use of laxatives in *liquid form*.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, *always read the label*. Not the *claims*, but the *contents*. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First: select a good liquid laxative. Second: take the dose you find is suited to your system. Third: gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a *natural* laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

Determined a Newspaper of General circulation by decree of the Superior Court (Department 6), of Alameda County, California.

Subscription price $2.00 per year.

NEWSPAPERS WILL FORM BACKBONE OF AD PROGRAM

More than 2,000 newspapers throughout the nation, including The Township Register, and 106 other publications in northern California and Nevada will carry Goodrich tire and battery advertising this year according to word received by Ed. Rose, local Goodrich dealer, from B. M. Robertson, vice president and general manager of the tire division of the Goodrich company.

Newspapers will again in 1934, as for many years past, form the backbone of the advertising program, Roberton said.

Advertising this year will be built around company product innovations, including a continuation of the campaign on the Goodrich Silvertown tire with the life saver golden ply.

Proper selection of type, careful composition, and painstaking press work are the foundations of good printing. The Register is justly noted for all three. Let us estimate on your next job. Call Niles 23.

Bianchi, is the son of Mrs. Mary Spetti, of Niles. He was born and raised in this city. He has been employed as an electrician in Livermore and Pleasanton for several years. For the last

anton, sister of the groom, was maid of honor. She was attired in a long formal gown of yellow organza chiffon organdy. She wore a small white hat trimmed in yellow flowers, and carried a beautiful bouquet of yellow sweet peas.

William Bottini, of Pleasanton, cousin of the bride, was best man. The bride was given away in marriage by her brother-in-law Ernest Bonalanza, of San Francisco.

Following the wedding a dinner was served to about fifty relatives at the Remillard Brick yard hall, at Pleasanton. Following the dinner dancing was enjoyed until a late hour of the evening. Refreshments were served in the evening.

The young couple left for a honeymoon trip and will make their future home in San Francisco, where the groom is employed.

CHAMBER SEES FILM OF MANUFACTURING TECNIQUE MONDAY

Brake Lining Company Sponsors Program At Meeting

The less technical aspects of the manufacture of brake lining were the subject of a series of sound motion pictures shown to the Niles Chamber of Commerce Monday by Harold Cook, of the Raybestos Mining Company and Frank Cochran of the George Creplin company. Both men were secured to furnish the program by Clarence Crane, Niles garageman and new chamber member.

Showing the nature of natural asbestos, and explaining the characteristics of it that are adaptable to the manufacture of brake lining, the pictures followed through the manufacturing process to the showing of the finished product.

Previous to the showing of the pictures, the Civic group settled several matters of business, among which was the decision to continue as sponsoring body for the Niles Boy Scout troop. With the Chamber's endorsement, the local troops will obtain their annual charter. George Rose, erstwhile treasurer for the scout committee, tendered his resignation, with the suggestion that funds should be handled by the Chamber as a body. President Jones, in accepting Rose's resignation stated that a successor would be ohosen by the scout committee itself. Rose will retain a place as committeeman.

Harvey Braun, one of a committee of two to inspect the parking lines on First street, reported that repainting is necessary. He recommended several changes, and was given authority to act.

F. V. Jones and A. J. Petsche were named to represent the Niles Chamber at the Anti-Racket Council meet at the Athens Club Tuesday night.

HISTORIAN'S RERORTS SHOWS VALUE OF NILES P.T.-A.

Members of the Niles' Parent-Teachers' association gathered at the Niles Grammar school Tuesday afternoon for the final meeting of the year. Annual reports culminating in the historian's report, were read.

The historian's report, a record of the year's activities, contained statistics and data of the year's work, some of which is listed here.

The pet parade, sponsored by the association, was made an annual event, after its tremendous success here. Funds for the various lines of work were raised from time to time during the term by a card party, a food sale, and by a play "Nobody But Nancy," staged by the Tennyson organization for the benefit of the local one.

The report stated that a total of 9923 children received hot lunches at the school, 519 of which were free. Of 11,101 milks, 1221 were without cost to needy children.

Efforts of the organization this year succeeded in securing a gas range for the school cafeteria to replace the old oil stove used for several years. A water heater was also installed.

At Tuesday's meet it was decided that the association would entertain the pupils of the Eighth grade at a picnic or party before the end of the current term. Mothers of Eighth grade children will plan and supervise the affair. Mrs. Harvey Braun is chairman.

It was voted at the meet that the Parent-Teachers will sponsor the "Cub Pack."

Following the installation of officers, Mrs. C. M. Myrick, president, announced the standing committees for the year.

Little Florence Marie Braun and Betty Maciel, both of the primary grade, entertained the assemblage with several songs. They sang the national P. T. A. song. They were accompanied at the piano by Winnie Bendel.

F. BROWN HOME ON CENTRAL AVENUE BURNS MONDAY

Said to have been started by an oil stove in the kitchen, fire Monday destroyed the home of Mrs. F. Sewell Brown, on Central avenue.

Alone in the house when the blaze started, Mrs. Brown attempted to quell the flames with buckets of water. She suffered burns on the shoulder and arm. The Newark and Centerville fire departments, summoned by a belated alarm, arrived at the scene too late to effectively stop the blaze with the chemical trucks. The lack of water connections on the ranch tank prevented the heavier apparatus from being brought into play.

The home was completely destroyed. A sewing machine was all that was salvaged before firemen were driven back by the flames.

Guerena Case Dismissed For Lack of Evidence

Frank Guerena, arrested week before last and charged with the theft of an automobile belonging to R. B. Lerma, of Warm Springs, was released Friday, after a hearing before Judge Allen G. Nooris.

Norris did not believe the evidence sufficient to establish the grand theft charge, and the case was dismissed. There was some doubt as to the actual ownership of the vehicle, and there was not conclusive proof that Guerena had actually stolen the machine.

CENTERVILLE P.T.-A. WILL INSTALL OFFICERS

Installation of officers will be the main business of the Centerville Parent-Teachers' association, when that group meets Tuesday afternoon at the Centerville Grammar school.

Mrs. Fred Rogers will be installing officer. The officers to be seated are: President, Mrs. Andrew Gronley; vice president, Mrs. Katherine Dutra; financial secretary, Mrs. J. Jason; recording secretary, Mrs. P. Daugherty; treasurer, Thomas Maloney; parliamentarian, Mrs. George Mathiesen.

Fence Will Keep Cars Off High School Fields

A new steel fence, transversing the high school property, just behind the buildings, will henceforth keep automobiles off of the athletic fields and running track. Admission gates in the new fence will facilitate the handling of the crowds at future games and meets. Considerable damage was done during the winter months by automobiles, which drove about on the soft turf and tracks.

Garintees Win Over Kraftile Nine Sunday

Led by the brilliant hitting and fielding of Harold Faria, the Centerville Garintees Sunday triumphed over the Niles Kraftile nine in a fast baseball game at the Centerville diamond. The score was nine to five.

Faria, center fielder, hit safely four times in four times at bat. He clouted two home runs a triple and a single. Maciel, Garin pitcher, also gathered a homer, besides pitching steady ball.

Sunday, if all arrangements carry through, the Garintees will play the Santa Clara Garin branch at Centerville.

TIPSY MOTORIST IS GIVEN 30 DAYS IN BASTILLE

Arousing the righteous wrath of Traffic Officer Duffy Lewis, who he forced the latter off the road between Centerville and Irvington Monday, proved to have painful consequences for Jack Rogers, of San Mateo.

Finding that Rogers' erratic driving was due to a slight alcoholic overdose, Lewis placed him under arrest. In spite of Rogers' demands that he be immediately hailed before a magistrate, Lewis placed him in the Niles bastile.

Appearing Tuesday morning before Judge Norris, Rogers was given the alternative of paying a $75 fine or spending thirty days in the county jail. He chose the latter.

K. C.'s Attend Mothers' Day Program at Hayward

Members of the Centerville Council Knights of Columbus attended the Mother's Day program given by the Hayward council at the Veterans' Memorial building in Hayward last night. There was a program followed by dancing.

REGLI'S W.U.H.S. NINE BALL CHAMPIONS AGAIN

Proof of the recovery of the Husker baseball team from the loss of its star infield several weeks ago, will soon hang in the high school gymnasium, when the league championship pennant for 1934 arrives as a reward for the victors.

Walloping Emeryville to a tune of 19 to 5 Friday, the Huskers proved that they still had sufficient power to clean up the league. Led by the Emeryville team by a margin of three runs in the first inning, the Huskers came back in the second and drove in eight counters. From then on it was clear sailing. Three home runs helped to swell the score:

Amador High School Faculty Re-listed for Another Term

That the Amador Valley high school will have the present faculty serve next year was the announcement made this week by Charles Graham, clerk of the board, as a result of a meeting held by the board of trustees of the high school.

The list of teachers and the departments they have charge of are as follows:

E. O. McCormick, principal, and public speaking; George Patterson, mechanical drawing, shop and boys physical education;

Miss Eleanor Perry, Latin, algebra and English;

Miss Jean Cope, English and girls physical education;

Mrs. Anita Smith, Home economics and art;

Miss Madelyn Jacobsen, French and history;

Miss Dorothy Leonard, commercial subjects;

William Busch, science;

Harry Tripp, musical instructor;

Morris Elsnab, custodian.

Amador Alumni Association Elects Officers

Frank Trimingham, of Pleasanton, was elected president of the Amador Alumni association, at a meeting held at the Amador Valley high school recently.

Buford Hall was selected as vice president; Norine Bianchi, secretary, and Cliff Rosa, treasurer.

An advisory committee was appointed by president Trimingham, to act with the president and secretary. It consists of Doris Grana, Muggs George, Cyril Bairos, Roy Arendt.

A boys athletic committee was appointed. They organized a baseball team which played the Amador Valley high school Dons Monday afternoon. The committee consists of Edward Soito, Everett Nevin and Myron Azevedo.

Grace Reimers and Doris Grana were appointed on the girls athletic committee.

It was also decided at the meeting that dues will be one dollar a year and are now due. The Alumni will run their year from August 1934 to August 1935. Those paying dues now will not have to pay again until August 1935.

Pleasanton Girl Is Honored at Shower Friday

Miss Norma Di Guilio, of Pleasanton, was honored at a shower given by Mrs. Edna Wambold, at her home in Pleasanton, Friday afternoon of last week.

Pleasanton Pioneer Dies In Oakland

Death claimed one of the last members of the Amador family, who were the first settlers in the Pleasanton township, when Chris Amador, of Pleasanton, passed away April 29, at an Oakland hospital, following a brief illness.

Chris Amador was the son of the late Mr. and Mrs. Antonio Amador early settlers in this valley, who were owners of large tracts of land known as the Amador grants. The Amador valley and Amador county were named after Chris' parents. Their grants included Dublin and practically all of the San Ramon valley.

Chris was born in Warm Springs seventy-two years ago. He came to the Pleasanton valley when he was twelve years of age with his parents. He spent sixty years of his life in this community, and never married.

He worked as a helper on the farms in this community since twelve years of age. For the past sixteen years he was employed by the late Frank Viada at his livery stable on Main street. He had a quiet disposition and was known to everyone as the kind old gentleman who watched over the livery stable. Up until the day before his death he was seen sitting in his arm chair in the sunshine in front of the stable. Although he had practically lost his voice he made every attempt possible to greet his many friends who passed by.

Of the old pioneer Spanish family which has gone down in California history there are but two members of the Amador family left. One is a sister of Chris,, Mrs. C. W. (Amador) Sibrian, of San Francisco, who lived in Pleasanton many years ago. Chris also has an uncle, Frank Amador, of San Jose, who is a brother of the late Antonio Amador.

Aside from his sister, Mrs. C. W. Sibrian, he leaves four nieces, all of whom were raised in Pleasanton. They are Mrs. Harry McKelvey, Miss C. Sibrian, of San Francisco, Mrs. William Brennan, of Oakland; and Mrs. Ileen Springer, of Berkeley. All nieces are daughters of Mrs. Sibrian.

He was a member of the Pleasanton Druids lodge who acted as pallbearers. Funeral services were held from the Graham Mortuary Tuesday morning to the St. Augustine's church. Interment followed at the family plot at the St. Augustine's cemetery.

Holy Ghost To Be Held Here May 26-27

That Pleasanton will have a Holy Ghost celebration on May 26 and 27 was definitely decided at a special committee meeting held at the I. D. E. S. hall Thursday evening, by the members of the Pleasanton I. D. E. S. lodge.

Frank Avilla, Sr., president of the celebration, has asked all the members of the lodge to co-operate with him in making the affair a success.

A dance on Saturday evening and Sunday afternoon is being planned. A large parade will be held from the I. D. E. S. hall to the St. Augustine's church on Sunday morning. Concessions and amusements are being planned by the committee.

George Patterson Wins Medals at Rifle Meet Sunday

At a Northern California championship rifle meet held at Fort Barry, Marin county, recently. George Patterson, athletic coach at the Amador Valley high school, brought home three medals awarded for his skillful shooting.

Individual shooters of various rifle clubs of northern California were competing in the match Patterson and Chris Peterson, of Livermore, represented the Albany Rifle Association.

The Albany team defeated several teams, one of which was the Santa Rosa Gun Club.

The individual medals won by Patterson were for the 200 yard off hand; rapid fire, and a fourth place medal in the grand aggregate.

Patterson failed to win the Northern Coast Championship by one point. Three men were tied for second place. The scores were as follows:

Lane with 400, first place.

Hanscomb, with 239, second place.

Chris Peterson, of Livermore, 239, third place.

George Patterson, of Pleasanton, 239, fourth place.

Ten high point men in this individual shoot will be selected to meet the undefeated battlefleet team for the Olympic and Peter B. Kyne trophies some time this fall.

"Hell-Bent for Election"

According to a study made by a representative of Columbia university, the phrase "Hell-bent for election" originated in Maine in 1840. Before that time Maine was a Democratic state. The panic of 1837 turned Maine over to the Whigs and to the surprise of every one, Kent, the Whig candidate for governor, was elected in the September election. One of the campaign slogans was "Maine went Hell-bent for Governor Kent."

The Statue of Liberty

The Statue of Liberty began with a 4-foot model, then one 8 feet, and finally the actual working model, which stood 32 feet. Out of this grew the statue familiar to millions of travelers and measuring 151 feet 5 inches from the foot of the figure to the tip of the torch.

Capacity of Telescope

The term "power" as applied to a telescope or a microscope means the measure of their capacity to enlarge the apparent size of an object, indicated by the ratio of the diameter as magnified to the diameter as seen by the naked eye.

Might Fit Well Now

The whipping post, the stocks, the shameful exposure on the pillory to public scorn and abuse, the public executions were the primitive methods once employed to teach social responsibility.

"Giant Granite Corkscrews"

Batholiths or "giant granite corkscrews" push their way up spirally from the depths of the earth. They usually indicate a place where jewels such as emeralds, rubies and supphires may be found.

Animal-Eating Lilies

There is a cave in the British island of Barbados where animal and insect-eating lilies grow. These flowers will close their petals round a walking stick if it is placed close to them.

Forget the Cold Water

"Keep yoh imagination under control," said Uncle Eben. "When big work is bein' planned don't mistake yohself foh a pump an' think you kin be useful by throwin' cold water."

Shops in Caesar's Day

Excavations on the Fuerstenberg, Germany, disclosed rows of shops that lined the main street of the permanent camp of Roman legions in Caesar's day.

First U. S. Postal Card

The first United States postal card appeared on May 1, 1873, and was of the 1-cent denomination. It bore a profile bust of the Goddess of Liberty.

Perfect Babies

Perfect babies should be able to hold up their heads at three months, sit up unaided at six months, stand at nine months, and walk when one year old.

Must Forget Biographer

"Fame is not easily cheated," said Hi Ho, the sage of Chinatown. "History is read with respect when the flattering biographer is forgotten."

Poll Tax in Ohio

Although a poll tax has always been unconstitutional, Ohio lawmakers of the last century evaded this by authorizing the requiring of two days of labor on highways each year by some voters. The constitution of 1912 put an end to this by prohibiting either the collection of money or the requiring of service as a poll tax.

Juneau Built on Piles

Juneau, named after its French-Canadian founder, is the capital of Alaska and like so many of the coast settlements, the city is built partly on piles over the water, partly on bare rock. It is situated at the base of Mount Juneau, towering 3,500 feet almost perpendicularly above.

Denver's Sealed History

Denver has sealed secure in copper boxes and inclosed in sealed vaults 2,000 books and other records gathered in the last ten years. They will tell the story of the Twentieth century civilization when opened at intervals of 200 years. The first opening is set for the year 2131 A. D.

Cane Sugar and Beet Sugar

There is no difference in the chemical analysis of cane sugar and beet sugar. Both contain the element of sucrose and the pure product of each is identical. In origin the former is derived from sugar cane and beet sugar from sugar beets.

When War Was Declared

It was on April 6, 1917, that congress declared war on Germany. Between that date and July 1 the army had mobilized a total of 181,000 men. Of these, 117,000 were in the regular army and many of these already were partially mobilized as a start.

Elephants Lose Hair Early

Elephants are fully covered with hair at birth, but this coat of hair, which is soft and downy, drops off in a few weeks and adult elephants commonly have only a tuft of hair at the end of their tails and sometimes a little growing about their ears.

Egyptian Racial Type Preserved

The ancient Egyptian racial type has been preserved in extraordinary purity in many Egyptian peasant families.

Lake Created by Earthquake

Reelfoot lake along the Kentucky-Tennessee border was created by a Mississippi valley earthquake in 1811.

Mormon Families Reducing

With the younger generation of Mormons large families are losing in popularity. Vital statistics show that the birth rate has dropped from 35 to 28 a thousand in ten years.

Ruins in Mountains of Peru

"Among the many ruins scattered through the mountains of Peru is Macchu Picchu, discovered in 1911, a citadel with a maze of courts and rooms and scores of dizzy stairways, of towers and dizzy bastions perched on the edge of steep precipices. It is believed to have been the refuge to which the Virgins of the Sun fled when the Spaniards advanced on their convent at Cuzco.

The World in Miniature

Within almost every circle you may find an English landscape different from that within the surrounding circles. Each of these landscapes is a miniature of the world's landscapes — little Alps, little steppes, little fiords, little Volgas, little rapids, little canyons, little deserts, little Black forests.

Consider Jade Divine

Considering jade the purest and most divine of natural substances, the Chinese attribute to it remarkable and even magical qualities and give it a place of great prominence in their religion and culture. From it were fashioned the images of the deities of the ancient cosmic religion, the emblems of authority of officials, amulets for preserving the body after death, astronomical and musical instruments and numerous ornamental objects.

Use of Ginseng

Practically all of the American supply of ginseng is exported to China, where it is in great demand for medical and domestic purposes. Branched roots resembling the human form are especially prized for their supposed occult virtues. The name "ginseng" is derived from words meaning a cure for many diseases in China but medical authorities here fail to find any such virtues in it.

Wild Ducks

Among wild ducks North America has contributed the gray mallard, black mallard, redhead, spoonbill, canvasback, pintail, baldpate, gadwall, bluebill ringneck, blue winged teal and woodduck; Europe is represented by the redhead pochard, garganey teal, tufted duck and shellduck. South America has sent the rare rosybill, and Asia the Baikal teal and mandarin.

Early Military Training

In the early days of Ohio, laws required every able-bodied man between the ages of eighteen and forty-five to arm himself with rifle, bayonet, knapsack, ammunition, and two extra flints and meet at least four times each year with his company for training and once each year with his regiment.

Habits of Wild Geese

Wild geese breed from the northern United States northward and winter in the southern part of the United States from Lower California to the Gulf of Mexico and the sounds and bays of Virginia and the Carolinas. They go north early in the spring and return in the fall.

Cairn Terrier Is Different

The Cairn differs quite distinctly from other terriers of the low-legged class, being a longer-backed dog than the Scottie, Sealyham or West Highland White, but not as long as the Dandie Dinmont, in relation to body length and height from the ground.

World's Smallest Park

St. Johns, N. B., lays claim to the world's smallest park. It is known as Sullivan's park and it measures 20 feet long and 6 feet wide. It contains two benches which overlook the city from a dizzy height at the top of Main street.

Manila Bay's Size

It is the largest bay in the Philippine islands, its greatest width being 38 miles. It has a circumference of 120 miles. It is one of the finest harbors in the East, having no obstructions to navigation and safe anchorage.

More Brains Needed

The growing complexity of human problems, without a corresponding growth of the human brain to deal with them, is perhaps the most serious obstacle which faces the onward march of mankind.

Six Rats to Every Human

While the human population of the world is estimated at nearly 2,000,000,000, the rat population is placed at 10,000,000,000, or at the proportion of six to every human being.

The Country Newspaper

Turning from city newspapers to small town press exchanges that come to the editor's desk is like stepping from the slums, full of vice, into an old-fashioned garden sweet with lavender and thyme and the scent of perennial flowers. The pages of big dailies are so full of murder, thievery, immorality and selfishness that the better news is obscured by these glaring shatterings of the Decalogue. One puts the papers aside with a feeling of depression and heartache that the world is so full of terrible and unhappy things.

Then picking up the papers that record the happenings of the little towns around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church items, the happy social gatherings of the people, the marriages, births and deaths, farmers' items, and all the thousand and one daily occurances that make up the simple annals of the great common people, who are really the foundation of this broad country of ours.

Sometimes people speak lightly of the country newspaper, but it is one of the most potent and uplifting factors in our national existence.—Christian Science Monitor.

COSTUME HOOPLA DANCE POSTPONED TO MAY 12

The Costume Hoopla Dance which was to have been given by the Pleasanton Junior Chamber of Commerce Saturday evening, was postponed until Saturday evening, May 12, according to Buford Hall, chairman of the dance committee.

The dance was postponed so as not to conflict with the Livermore Rodeo Booster's dance which was held at Livermore Saturday evening.

Invitations for the Hoopla dance may be secured from any of the members of the Junior Chamber of Commerce.

Those working with Hall on the dance committee are Cliff Rosa, Sam Paskewitz, Al Henry and Frank Trimingham.

Berkeley Nine Are Defeated by Amador Dons

Well, they did it—such was the remarks passed by the Amador followers Friday evening when it was learned that the Amador dons had defeated the California School for the Deaf and Dumb in a league baseball game played at Berkeley. The final score was ten with the Dons on the lead instead of the short end.

Peters started the game at the mound and pitched fairly well during the first six innings excepting when the clean up hitter for the Deaf boys was at bat. Grassi, for the Deaf boys, got five hits out of five times at bat, including two home runs, one of which occurred when the bases were loaded.

With a tied score, Amador saved the game when with but one out and the bases loaded a nice double play by Mello and L. Moller was made chalking two outs before any runs could be scored.

The Dons played one of their best games of the season. Safreno showed well at second base for the short time he was in.

Dutra finished the game allowing one hit and no runs. However he walked four men which kept the Deaf boys in a position to win till the final out. Dutra's two bagger with two men on bas' in the last inning was the final blow that saved the day for the Dons.

The lineup for the Dons was as follows:

	AB	R	H
Dutra, c	6	0	2
Bernard, cf	6	3	3
Peters, p	6	1	2
Paulo, cf	6	3	3

C OF C'S SMOTHER BARBERS UNDER 16-4 COUNT

Crushing the Wilson Barbers under the ponderous score of sixteen to four at Hayward Sunday, the Niles Chamber of Commerce team, plowing through opponents at full steam, maintained their tie with San Leandro for the top rung in the league.

Red Blacow, on the mound for Niles, held the Barbers to four hits and four unearned runs throughout the contest. Brown, catcher, with an arm like a steel spring, had the runners hugging the bags at all times. Brown nipped the seed for three hits in four times up. Blacow, Mederios and Raso each hit safely three times. Mederios poled out one holder. Raso banged out two triples.

LONE STARS EKE OUT VICTORY OVER BERKELEY

Surging up again in their see-saw career, the Niles Lone Stars Sunday won a close game from the Berkeley Deaf and Dumb school. The contest, played on the Niles diamond ended with a score of 12 to 11 in favor of the Lone Stars. Trailing until the sixth inning after an early one run lead, the Niles team went on a hitting spree, aided by a number of bobbles by their opponents.

Mel. Teeter, Niles shortstop, followed his custom of heavy hitting when he banged out another home run in the second inning. His work on the short space was good. Avilla, Niles pitcher, twirled steady ball until the seventh inning, when a series of hits retired him in favor of Reno Quarteroli. In the last two frames Quarteroli fanned six men with twenty pitched balls.

Flowers, on second base played a tight game. Crane, in center field led the Niles hitters with three for four.

Box score:	AB	R	H
